#### GOVERNANCE AND REGULATION IN THE EU

**By Thomas Bräuer**

The new Commission President Jean-Claude Juncker laid his opening statement before the European Parliament on 15th July 2014 concerning the role of the state in the energy sector. The role of the state in the energy sector is a central theme in the Juncker's opening statement. He stated that the state should play a leading role in the energy sector, but also that the state should not be a market participant. He stated that the state should play a leading role in the energy sector, but also that the state should not be a market participant. He stated that the state should play a leading role in the energy sector, but also that the state should not be a market participant.

## ZEI Insights

ZEI Insights - provide short commentary and critical analysis on governance and regulation developments related to the ten priorities of the Juncker Commission and the interplay with the European Parliament and the European Council.

## COMPARATIVE REGIONAL INTEGRATION

## WAI and ZEI present the concept of a Master program in African regional integration

An important step forward for the sustainability of cooperation between ZEI and the West Africa Institute (WAI): Together, the two research institutes have developed a curriculum for a Master's degree in African Regional integration.
